

PREMIERE
ENTERTAINMENT GROUP

“OUR OBJECTIVE IS TO ACQUIRE, PRODUCE AND DISTRIBUTE QUALITY FEATURE FILMS WITH GREAT STORIES AND KNOWN CAST THAT APPEAL TO A WORLDWIDE AUDIENCE” - ELIAS AXUME

PREMIERE ENTERTAINMENT GROUP is an international sales, financing, and production company, which has licensed well over 150 new titles since its formation in 2012. We pay minimum guarantees for completed films, and finance projects in development through various means, including tax rebates, minimum guarantees, gap financing, equity, and foreign pre-sales to our vast network of international buyers. The paperwork from these pre-sales is bankable and can be used to fund production. We travel to all the major festivals and markets to negotiate deals for your film, placing it with the top buyers from around the world. Whether it is a theatrical buyer, VOD aggregator, home video distributor or television network, we find a home for your film where it will not only be seen by the most people, but where we will get the biggest financial returns on your investment.

WHAT WE CAN OFFER

Premiere Entertainment Group is looking for film projects in various stages, from packaged to completed. We can offer a variety of options depending on your situational needs.

PACKAGED PROJECT

If you have a Director and A-list talent attached to your project, we can offer a variety of options to help close your financing, including:

- Minimum Guarantee
- Pre-sales
- Equity
- Gap
- Tax Rebate

COMPLETED/NEAR COMPLETED FILMS

If you have a finished film (or nearly finished), we can offer the following options:

- Minimum Guarantee
- Completion Funds
- Straight Distribution deal

MINIMUM GUARANTEE (MG): The minimum guarantee is the minimum that is assured to the producer, and a revenue sharing arrangement is worked out, whereby the producer will get a portion of the profits that the distributor makes. We have the ability to put up sizable MG's against the worldwide rights for your film.

PRE-SALES: PEG will enter into distribution agreements with buyers from around the world, and from there you can bank these contracts to help fund your movie.

STRAIGHT DISTRIBUTION DEAL: We can take your completed film to market and act as your sales agent for a small fee taken from sales.

COMPLETION FUNDS: PEG can offer completion funds if your film needs additional money for post-production.

EQUITY: We have the ability to offer equity to help you close financing.

GAP: We can offer gap financing where applicable

DEVELOPMENT

Premiere Entertainment Group also produces movies in-house. If you have a project that is partially funded and needs pre-sales, gap or post, we can come on board and help you produce it.

MARKET PRESENCE

MARKET PRESENCE

Collectively, Premiere Entertainment Group has 50 years of film sales experience and attends a dozen of the top markets and festivals. Each year PEG continues to evolve, expand, and adapt to the ever-changing marketplace. PEG's prominent market presence over the years is second to none and provides its films the highest level of exposure to buyers. In addition to face-to-face meetings with major international buyers, PEG provides its films market screenings, email blasts, trade ads, press releases, news stories, and surrounds its market offices with countless of posters.

PEG understands the market competitiveness, which is why it is committed to each of its films by preparing extensively before every market and customizing a unique market campaign that will effectively capture the film's artistic and commercial sensibilities. With literally thousands of independent films at the markets, PEG equips each film with first-class, professional marketing which enables the film to stand out, rather than blend in.

MARKET PRESENCE

Among the largest film markets, the Marché du Film is the business counterpart of the Cannes Film Festival and one of the most significant film markets in the world. PEG's offices are located inside the Riviera during Cannes. The American Film Market takes place in Santa Monica, CA in November. AFM has consistently been one of the busiest film markets attracting buyers from all over the world. PEG's AFM offices are located at the Loews Hotel overlooking the Pacific Ocean. AFM's sister market, the European Film Market, runs concurrently with the Berlin International Film Festival in February. EFM is the first of the major markets to kick off the new year. In Berlin, PEG's office is located at the

Ritz-Carlton. The Toronto International Film Festival has been one of the fastest growing film markets in recent years. In addition to domestic buyers, international buyers are now flocking to TIFF in search of quality films. PEG's office is located at the Hyatt Regency during TIFF.

In addition, PEG has a market presence at MIPCOM, MIPTV, MIP Cancun, FILMART, NATPE Miami, NATPE Budapest, Asian Film Market (Busan), ATF, Ventana Sur, Tribeca, Sundance and SXSW.

DISTRIBUTORS / BUYERS
